

JOIN OUR TEAM!

Open interviews on Tuesdays.

Email Jobs@ERCopco.com for details.

“My job means providing excellent customer service to the traveling public as part of a team committed to being the best.”

-Karen Chalmers, Tunnel Traffic Controller II

WHO WE ARE

At Elizabeth River Crossings (ERC), we strive to provide seamless connectivity between the cities of Portsmouth and Norfolk. We operate and maintain the Downtown and Midtown Tunnels, the MLK Expressway, and 12 miles of associated roadway on behalf of the Commonwealth. ERC is majority owned by Abertis, a worldwide leader in toll road management, with toll roads in 16 countries across Europe, the Americas and Asia.

Our employees play a direct role in our success by practicing roadside safety, maintaining our infrastructure, managing the business, and providing top-quality customer service. In addition to operating and maintaining our crucial facilities 24/7, we have a Customer Care Center open 5 days a week, with trained representatives available to assist our customers with their toll payments, account management, and more, in-person and over-the phone.

Working for ERC means working for a worldwide company, alongside the best in the business!
