

## VIRGINIA BEACH BACK TO WORK BONUS INCENTIVE PROGRAM

As part of an effort to attract job seekers for employment opportunities within the Virginia Beach mental health industry, the City of Virginia Beach has launched 'The Project', a Back to Work Bonus Incentive Program in partnership with the Hampton Roads Workforce Council (HRWC) to assist employers in the hiring process.

### How it works?

- The Project is a \$1000 Back to Work Bonus Incentive program for Mental Health Providers, funded by the City of Virginia Beach through the HRWC, to be paid to the Employer to support their employee hiring and retention.
- The requirements of the program are:
  - Employees must be hired by the employer on or after October 5, 2021.
  - The employee works for a non-profit or private mental health provider for a minimum of 30 days.
  - The employee commits to continuing to serve as a mental health provider for a minimum of six months thereafter.
